Women of Worth 2016

On behalf of the entire WOW team I would like to thank LWMLC for your support for this conference. Please know that many lives were touched by your generosity. We were able to supply Bibles, workshop materials and personal items, things that we take for granted, all given freely to women to further their relationship with our Savior, Jesus.

A big majority of these women have already experienced more pain and hardships than you and I can ever imagine in one lifetime. Racism, alcoholism, abuse, abandonment, suicide, depression just to name a few. Their lives hold little joy and this conference is a time for them to come together and an opportunity for us to shine the love that Jesus has for all, sometimes not so much by what we say but by what we do.

There are so many more women in communities all over the North where LAMP serves that could use help. Is this where He might be calling you to serve? Following Jesus.....Judi Luckhardt

Every woman who contributes mites has helped brighten the life of women in northern Canada through a grant of \$1,500 from our "Mission Opportunity Fund" grant. This grant helped LAMP hold a WOW (Women of Worth) conference in Pelican Narrow, Saskatchewan. Above are words of thanks.
