THE LATEST NEWS AND VIEWS FROM LUTHERAN WOMEN'S MISSIONARY LEAGUE-CANADA

November 10 2016

A story to share?

Here we are, ten days past the deadline and the *Tapestry* articles cupboard is almost bare.

The theme is "speaking the truth in love." While we offered some ideas in the fall issue of *Tapestry* to set you thinking, does that theme bring to mind some experience you've had or something you have learned that illuminates something in scripture? It isn't necessary to let everyone in on all the personal details; tell just enough to help the reader relate to what you are sharing.

While we can probably wait to receive contributions until the 25th of November, it would help tremendously to know you are working on something since we will also be asking specific writers if they will contribute during the same time period. Contact:
