ANOTHER AWARD FOR *TAPESTRY*

At the Canadian Church Press conference in early May *Tapestry* won an Honourable Mention in the Theological Reflection category for "Pray with Perseverance" written by Assistant Editor Jill Munoz.

The judge of this category said, "The story of Monica's perseverance in prayer is perhaps well-known, but Jill Munoz fills in some interesting blanks in this well-written, nicely illustrated account. It's a multi-layered look at Monica. Very interesting even on a fourth and fifth reading. Thank you!"

Check out the Summer 2019 issue of *Staying Connected* for updates on mission grants and other news and information. It will be posted at <https://lutheranwomen.ca/publications-and-forms/staying-connected> early next week.
