

## LWMLC SUNDAY MITE CHALLENGE 2020

Dear Ladies of LWMLC,

It has been several months of uncertainty, especially regarding meeting together as LWMLC societies. The Lord continues to bless us as we connect in different ways. The mites received has dropped because of irregular gathering but is still an ongoing service we can do in the comfort of our homes. Being confined to home and limited shopping surely has saved us some money, though for some it may be a struggle financially. We are reminded of the widow who gave all she had.

Your leaders came up with the attached Mite Challenge that will challenge our regular giving and can begin this September as programs get underway. Print off the challenge and share with your ladies. These extra Mites can be remitted in the usual manner through your individual societies which will benefit District and National Mites and their Mission Grants. If the Lord has moved you to a special mite offering it can be sent as Mite Challenge 2020 to Financial Secretary – Fay Schatschneider 36521 Range Road 33, Red Deer County, AB T4G 0N1
