

## SERVING THE LORD FROM HOME

Servant Events for the 11th National Convention, July 8-11, 2021, may be done from the comfort of your home. Among these mission service activities you will find something that suits your gifts and abilities whether living in rural or urban communities. Your society can choose one, a couple or all. Either way the Lord has a purpose and a way to reach out to those who need to see and hear that our gracious Lord cares for them.
