

Tapestry, a magazine for women of Lutheran Church-Canada and their friends is published quarterly. In it you will find stories from the mission field (both domestic and overseas), personal faith journeys revealing women's hopes, struggles, fears and celebrations, as well as studies to help you dig into God's Word, either individually or in small groups. It also contains news from local groups and information from LWMLC leaders and their committees.

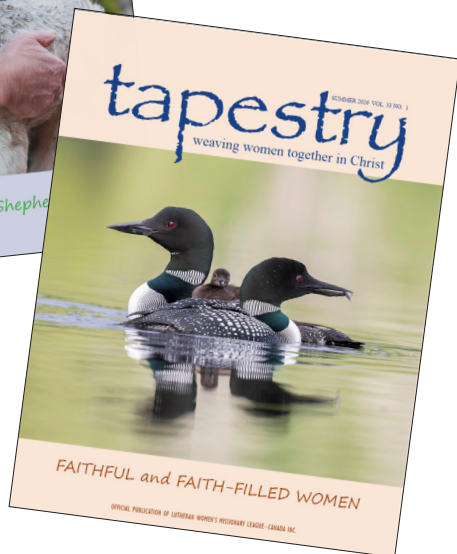

Tapestry's stated purpose is to "weave women together in Christ." It strives to support readers as they grow in God's Word, serve God's people and share God's Son. *Tapestry* can also serve you in sharing the good news of Jesus as you tell others about the magazine's content, perhaps even giving them a subscription as a gift.
